IVECO T-WAY

Your IVECO T-WAY at a glance

A new colour language:
IVECO Grey meets a touch of red

XCursor 13,
top power up to 540 hp

Strong driveline
and features for conversions

360° Driver assistance systems

Born Connected. Built to Evolve
with Over-the-air capabilities
from day one

IVECO Services to maximize uptime
and business productivity

Engineered for your success

Profitability and sustainability

Top power 540 hp, improvement in fuel consumption and reduced CO_2 emissions thanks to the XCursor 13, vehicle controls and improved aerodynamics.

Unique design and driving comfort

Superior onboard living thanks to the interior design, dashboard with customizable materials and trims, TFT instrument cluster, infotainment and mirror cams.
State-of-the-art “car-like” feeling: fully adjustable steering wheel and lower driving position giving enhanced comfort and responsiveness.

Advanced assistance and safety

Airbag available, off-road driving aids and a full comprehensive set of safety functionalities, including ADDW, to protect road users at 360°.

Driveline and conversions

Transfer case power take off for AWD, Hi-Traction available and Body Builder facilitation thanks to updated power supply and additional wiring and switch preparations.

Born Connected. Built to Evolve with Over-the-air capabilities from day one

Your new IVECO vehicle is always state-of-the-art, maximizing your time on the road.

IVECO Services for your daily work

Services designed to simplify your work and protect your business.
Keep your day running smoothly and your vehicle productive.

Exterior style

Stylish in all environments

The external appearance of the IVECO T-Way combines a rugged style with functionality.
LED or traditional headlamps with LED daytime running lights as standard, radar for ADAS functions, steps and grab handles to access the windscreen and side air deflectors designed to keep the door and mirrors clear even in adverse weather conditions.
The standard steel front bumper is ideal for the off-road environment.

Driveline and Conversions

Transfer case PTO available on AWD in combination with automated gearbox. Pre-equipment to facilitate Body Builder installations with electric/electronic interfaces (push switches in the upper shelf and the dashboard, pre-installed wirings from cab to chassis and from BB connectors to windshield header panel, dedicated slots for rocker switches in the dashboard).

Interior comfort

Driver comfort and ease of use are the hallmarks for the IVECO T-Way cab. The new dash panel with the 10 inch instrument cluster and the 10 inch central display screen incorporating DAB radio provide the driver with all the information they need.
The new steering wheel and steering column controls ensure that all is within fingertip reach of the driver.

A new interior design

Superior onboard living thanks to the new steering wheel, new full TFT instrument cluster and infotainment, mirrorless camera and electric parking brake.
The driver and passenger's comfort is guaranteed by a choice of seats, all with full backrest. Choose from vinyl or fabric, heated, air suspension, lumbar support and even seat belt colour.

Everything in its place

Compartments for storing documents and personal belongings, both inside and under the cab. 2 USB ports, 12V and 24V power sockets and 2 cup and bottle holders are standard on the dashboard.

Infotainment

Enjoy your life on board with the 10-inch high-resolution colour display integrated into the dashboard. Navigation is simple and intuitive, and you can link your mobile device with mirroring and use IVECO Driver Pal with the in-cab microphone. TomTom live navigation, Over-the-Air update and the new IVECO App Store are all available here.

Outstanding driver assistance

The latest European General Safety regulations have brought to IVECO T-Way new features for Advanced Driver Assistance Systems and protection of other road users.

ALC (Alcohol Interlock)
Prevents people whose driving is impaired due to alcohol consumption from driving a motor vehicle.

ESS (Emergency Stop Signal)
Warns the road users behind the vehicle via hazard lights, when braking heavily.

BSIS (Blind Spot Information System)
Detects road users moving at 5-20 km/h speed in the nearside blind spot zone, providing visual and acoustic warnings.

MOIS (Moving Off Information System)
Detects nearby road users in the front blind spot zone, providing visual and acoustic warnings.

REV (Reversing Detection)
Provides a clear view of road users and obstacles behind the vehicle when reversing, thanks to a camera placed in the rear crossmember.

ADDW (Advanced Driver Distraction Warning)
The system monitors the driver's behaviour above 20 km/h through an infrared camera. If detects a distraction, it provides visual pop-up in the cluster and audible warnings.

ISA (Intelligent Speed Assist)
Is a system which advise drivers of the current speed limit by providing visual and acoustic feedback.

AEBS (Advanced Emergency Braking System)
Now available on steel bumper, recognizes a potential front collision, warning the driver and slowing down the vehicle as much as possible. Guaranteed full braking from 80 to 0 km/h.

LDWS (Lane Departure Warning System)
Warns the inattentive driver of the departure of the vehicle from the lane when turn indicators are not activated.

High-efficiency engines

XCursor 13 diesel brings state-of-the-art powerline technologies such as higher fuel injection pressure (2.500 bar), new lighter cylinder block, crankshaft and camshaft, smart auxiliaries and friction reductions.
Top engine rating produces up to 580 hp and 2.800 Nm of torque, perfect for heavy-duty missions that require maximum performance, while 500 hp rating, with 2.600 Nm of torque is the best to maximize efficiency on long-haul missions.
Engine weight has been reduced by 10% and specific engine oil has been developed to further reduce frictions.
The new High Performance Engine Brake is the best in the market, capable of substituting the Intarder in most missions.

IVECO Services Solutions

At IVECO, we deliver Mobility Solutions that best meet your needs. Our goal is to help you reduce Total Cost of Ownership while increasing productivity by focusing on vehicle health and enhancing the driver experience, through an integrated portfolio designed to support your mission.

Uptime

Unexpected stops cost you. IVECO Uptime prevents them. Through continuous monitoring and remote diagnostics delivered by the IVECO Uptime Center and network, we reduce unplanned downtime by up to 24%.

Productivity & Efficiency

In transport, profitability depends on daily decisions. IVECO Productivity & Efficiency gives you the insights to make them. With vehicle data visibility and analytics, it helps reduce costs by up to 5% while improving safety, routes and compliance.

Driver Care

Drivers operate under constant pressure. IVECO Driver Care reduces complexity and cognitive load. Through voice interaction, connected navigation and real-time guidance, it keeps drivers focused. Accidents can be reduced up to 5%.

Safety & Security

Managing risk requires visibility and control. IVECO Safety & Security delivers both. With IVECO ON connectivity and continuous monitoring, it enables early detection of unsafe behaviour and reduces accident exposure by up to 25%.

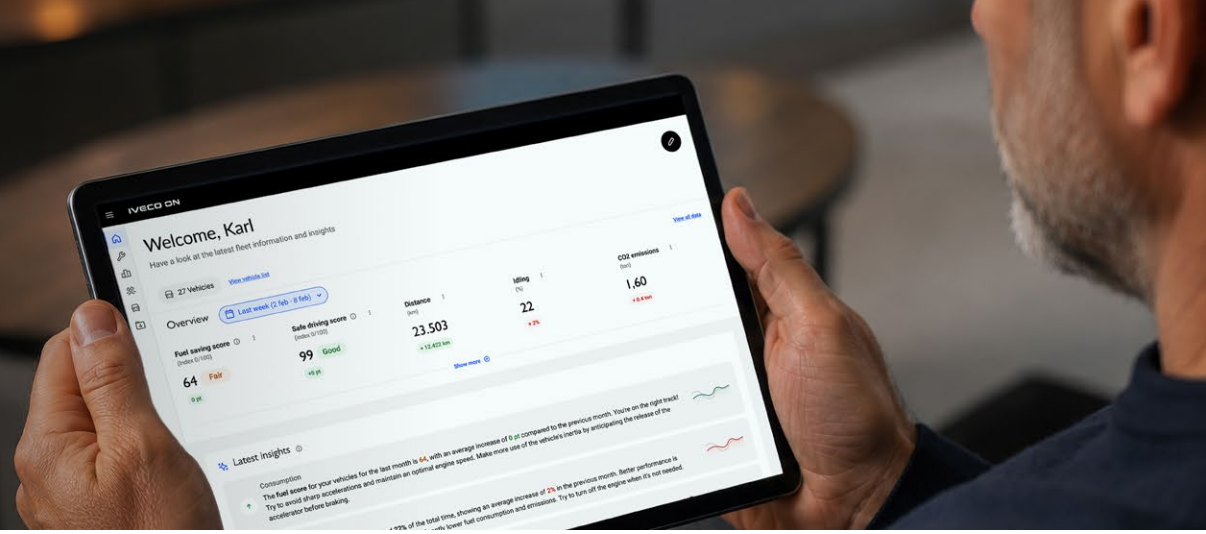
Parts & Accessories

Customize your vehicles and enhance life on board with our extensive selection of high-quality parts and services.

Connectivity

A smart way forward

Choose the connected solution that fits your business – from essential visibility to uptime support and advanced fleet insights. Add Premium services to tailor to your mission needs.



EASY

IVECO ON^{ADMIN} + Easy App

Your smart start

Access IVECO ON^{ADMIN} and the Easy App to manage your vehicles — with essential tools for vehicle administration, maintenance planning and daily operations, all within reach — anywhere, anytime.

SUPPORT

EASY + Uptime monitoring

Uptime first

Includes EASY, plus proactive vehicle monitoring through the Customer Uptime Center — enabling early detection of potential issues so we can act in advance and maximise your vehicle availability.

PERFORMANCE

SUPPORT + IVECO ON^{PRO}

Your fleet under control

Includes SUPPORT, plus IVECO ON^{PRO} for advanced insights to monitor vehicle performance and routes, reduce fuel consumption and improve driving style — helping you optimise efficiency across your entire fleet.

Premium Services: add more value to every mission

IVECO ON Web API

Integrate IVECO vehicles data into your systems.

Fleet Management

Get full control on your fleet productivity.

Tacho Data Download

Manage compliance with ease.

Maintenance & Repair

A well-maintained vehicle is more reliable, fuel-efficient and retains its value over time.
IVECO Maintenance & Repair helps you protect your productivity with a proactive, structured service approach. You benefit from expert support by certified IVECO technicians using dedicated tools, advanced diagnostics and up-to-date procedures—ensuring fast, precise interventions. All services use IVECO Original Parts, for consistent quality and long-term performance.

You can choose among pre-designed bundles or tailor your solutions combining the services and adding the coverages that better support your needs.

Combine the M&R services to build a contract tailored to your needs

Maintenance
Maintenance and lubricants, oils and fluid changes according to the Maintenance Plan as described in the customer handbook.

Wear
Covers clutch, brake pads, brake discs, brake drums or brake linings for drum brakes.

Driveline
Covers engine, fuel injection, gearbox, transmission propeller shaft and axle repairs.

Driveline Plus
Provides an intermediate level of protection, adding to the Driveline contract repairs to exhaust system, starter and alternator, other gearbox components, electricals and PTO Multipower.

Full Repair
Raises further the level of cover extending the Driveline Plus contract with repairs to the braking system (excluding wear components), clutch cylinder, suspension, heater, air conditioning, air compressor.

Additional coverage

You can further customize your cover with additional options:

ANS 24-hour assistance
Roadside assistance service for repairs covered by the warranty.

Towing service
Tow truck service conveying to the nearest repair point for repairs covered by the warranty (tow truck not included).

Auxiliary batteries
Repair and/or replacement of batteries, including ANS 24-hour callout where covered under the maintenance agreement.

Oil top up
Engine oil filling limited to 2 litres per 3.000 km.

Light bulbs
Replacement of faulty lamps.

Wiper blades
Replacement of windscreen wiper blades once a year.

Choose and combine to fulfill your requirements

You can choose the best service* levels for your business size and needs, knowing that the associated costs are fixed and predictable.

Assistance Non-Stop

IVECO Non Stop

IVECO Assistance Non-Stop is just a phone call away 24 hours a day, 7 days a week to keep your IVECO T-Way and your business running.
IVECO Non-Stop is the original IVECO smartphone application that you can use to communicate with IVECO if your vehicle breaks down. Just insert your vehicle information (VIN and registration plate) and with a simple push of a button you can send a request for assistance to the IVECO Customer Uptime Center. We will take care of your request immediately, activate the nearest workshop and follow up on the vehicle's repair. Through the app you can receive updates on the progress of your vehicle's assistance.

IVECO CAPITAL

Financial Services

IVECO CAPITAL is the financial services brand of Iveco Group, offering dealers and end-customers a comprehensive range of financing, rental, insurance and service solutions for commercial vehicles, powertrains and buses.

IVECO CAPITAL delivers tailored and flexible Mobility Solutions worldwide, empowering customers to move forward and realise their full potential.
